## **Performance Report for San Diego Regional Center**

Every year, the Department of Developmental Services (DDS) contracts with regional centers in California to serve clients and families. And, every year DDS looks at how well the regional centers are doing. This report will give you information about the San Diego Regional Center (SDRC).

Last year, at San Diego Regional Center we served about 23,600 clients. The charts on page 2 tell you about the clients we served. You'll also see how well we did in meeting our goals and in fulfilling our contract with DDS.

At SDRC, we want to improve every year, do better than the state average, and meet or exceed the DDS standard. As you can see in this report, we did well in 2015.

We hope this report helps you learn more about SDRC. If you have any questions or comments, please contact us!
